OPTION 2: COMPETITIVE EVENT SPONSORSHIPS

Competitive Event Sponsorships

What does it take to administer a competition? Resources are needed to deliver effective competitive event experiences in a real-career setting. These requirements occur before, during, and after the events and involve key players in the forefront and behind the scenes. From start to finish, the final budget per competitive event is approximately \$1,000 or over \$40,000 to successfully operate all competitive events at the conference. This expense is largely carried by the students themselves through fundraising efforts.

With your support, students will be able to concentrate their time and talent on mastering leadership, education, and career skills rather than fundraising to participate in these activities.

OPTION 5: VOLUNTEER & IN-KIND CONTRIBUTIONS

VOLUNTEER AS AN FCCLA COMPETITION JUDGE

Do you have time to assist students with their career goals? FCCLA students need your help as a volunteer competitive events judge at the State Leadership Conference. Judging competitive events requires as little as a half-day time commitment, and you will interact with students as they work toward successful careers. These students have worked all year to prepare for their competitions both inside and outside of the classroom and have personally raised the funds to attend the conference where their skills will be evaluated by you.

As a volunteer judge for FCCLA, you will use your professional background and life to evaluate student demonstration of their skills as future leaders.
