

# THE RED REPORT

DECEMBER EDITION

Happy Holidays! December is a great month to remember all of the things we are grateful for like, friends, family, etc. This month I am thankful for those things and also being healthy. I realize this Holiday season won't be like ones in the past, so I just want to encourage you guys to keep your heads up and remember the things that you do have to be thankful for. One of the things I am most thankful for is FCCLA, it has brought me so many memories and friends, like the ones you're about to hear from.

Let see what Jayden has been up to...

Hello it's jade!

Being a state Officer this year I'm focusing on how to promote FCCLA and spread our purposes towards teens and young adults in our communities through social media challenges, talking to chapters in my region about how to publicize in their community and be a good addition to the team! Outside of FCCLA, you can always find me doing three things- work, school, and spending loads of time with friends! Region three's virtual fall regional conference went amazing! We had so many participants who were smiling and ready to participate and contribute to the fun! We went over so much and it was so cool how amazing it went considering our bizarre measures this year!

Now lets hear from Una Cleary, the State Vice President of Region 4...

Hello!

So far as an officer I have hosted and amazing fall regional meeting and organized an awesome service project for my region called Toys that Make Smiles. People all over my region made toys to give to children in hospitals, it was such a great experience. This year, outside of FCCLA, I have been working, skiing and surfing. I have also been involved in climate justice projects around my city. Even though this last semester has been different, a lot of good has come from it and I am thankful for that.

Happy Holidays!

*Una Cleary*

Next year lets hear from Emma Cline the amazing Vice President of Region 4!

As an officer I am promoting other Programs Of Work as well as fulfilling the goals in our Vice President Program Of Work and my personal Program Of Work. I am participating in meetings and planning for future events! Region 2 had an amazing Regional Fall Meeting and we accom-

plished so many great things! There are great leaders here in Washington! Coming up is Region 2 STAR Events on January 21st! Some of my goals are to promote FCCLA in any way possible and too as many people as I can. I also want to help increase participation in STAR Events and in FCCLA activities. Outside of FCCLA I enjoy exercising, playing with my dogs, and finishing fun projects. I also love hanging with friends and family, and even though we have to keep our distance we still stay in touch through social media, through texting, and through calling. Region 2 Fall Meeting was a success! We are so great full that we had the opportunity to share it with Region 1 this year! There was a lot of participation and what was covered was so informational and fun!

Thank you for reading the November edition of The Red Report! I hope you all have a wonderful Holiday season and be sure to continue to participate in your chapter and state activities.
