

2023 Bylaws Amendment Rationale

Overall: Washington FCCLA has become it's own entity within the state of Washington. With that we need to create 2 separate sets of bylaws. There are several components in the current set of bylaws that need to be moved to a new set of corporate bylaws which will govern the Board of Directors. The other set of bylaws will govern the student aspect of the association.

FACSE to FCS: This is to align with the national Family and Consumer Sciences (FCS) language and to match the Say Yes to FCS campaign.
